— WHY EQUA

We make healthy habits look, feel and taste amazing — and make your brand part of them.

EQUA bottles become part of everyday routines, whether at work, at home or on the go. Because they are used every day, your brand stays visible long after the gift is received.

Beautiful design. Everyday use. Lasting brand visibility.

01 **Everyday use**

Not a shelf gift. A bottle that travels to work, to the gym and back — every day.

02 **Lasting visibility**

Your logo is seen at every refill, every meeting, every commute — for years, not weeks.

03 **Design worth keeping**

Award-winning European design people choose to carry, not tolerate.

Make your brand visible.
No matter the occasion.
